

FIREDOOR

BEVERAGE LIST

Firedoor is not about over-embellished or fussy food. Rather, we champion the very best in seasonal ingredients and small-scale producers, accentuated with wood-fire, eschewing modern-day cooking methods.

From contemporary cocktails that highlight the smoky allure of the wood-fired oven to an extensive array of wines and spirits that correspond with the robust notes of our cuisine, our drinks list complements the special relationship between fire and flavour.

The weight of the wines progresses throughout the list to mirror the menu, listed in ascending order of palate weight, from light to rich. A thread of smoky, mineral freshness melds the wines with what is on the plate. Be the wine minimally tampered with or conventionally handled, poise and tension bind colours, regions, and styles, in a celebration of joyful drinking.

What we often associate with fire is power and transformative ability, but there is a delicacy and elegance in its form and motion to be admired. A burning white flame is a hot one to be sure.

Firedoor’s dry-aged steak, is less about technique and more about a commitment to time - a quiet transformation where flavour deepens and what remains is something more honest, more concentrated. In a world that moves quickly where most things are designed for immediacy, dry-ageing forces you to slow down; this is a selection of the labels in our cellar that are uniquely powerful and charismatic: wines born of conviction, and a tribute to patience. Combinations to surprise, delight and provoke great conversation.
